

## Disaster Preparedness Fundraiser

Melody Peck, RBV English teacher, is leading the campaign to collect enough financial donations to place a portable toilet and privacy tent in every classroom and office on the RBV campus. We need to get our classrooms and office space prepared for the possibility of a natural disaster or security situation. A lockdown is initiated to isolate students and staff from potential dangers outside the school which may pose a threat. As many of you know, in the event of a lockdown no one is allowed to go in or out of the classroom/office. This means that restroom use must be contained within the classroom and office space. Currently, RBV does not have any equipment to meet this need.

In searching for a solution, Melody found that the toilet seats will snap onto a five gallon paint container. After contacting **Vista Paint** located at 611 Sycamore Avenue in Vista, Peter Ruehl agreed to donate the first 50 new buckets to RBV, if we purchase the next 100 from him at \$3.95 each. Phil Voss, lead painter for VUSD, donated an additional 15 used five gallon paint containers. The toilet seats, privacy tents, and additional buckets will cost approximately \$50.00 per classroom/office (150) which amounts to \$7,500.00. RBV hopes the buckets will contain trash bags, toilet paper, handi-wipes, and feminine hygiene products for emergency use only. These items are lightweight and portable, should staff and students have an emergency that required them to evacuate to another location. There would be enough portable restrooms for the students and staff at any location.

Please help keep our children and staff safe by donating today. Your contributions will help make our school safer for many years to come. Donors already being honored include Wendi Kane, Linda Parulo, Marty Peruski, Suzie Owen, Monica Schwaner, and Keith Grauman.

Please mail tax deductible donations to  
**RBV-Emergency Prep. Program**  
**Attention: Finance**  
**1601 Longhorn Drive**  
**Vista, Ca. 92081**
